

METHOD FOR PROVIDING CANVAS OF PAPER-MAKING MACHINE
WITH ANTI-STAINING AGENT THROUGH SPRINKLING, AND SLIDING
SPRINKLE DEVICE AND ANTI-STAINING AGENT FOR USE THEREIN

ABSTRACT OF THE DISCLOSURE

The present invention provides a method of spraying an antipollution agent which can securely apply a proper amount of antipollution agent ~~te~~onto a canvas of a paper machine, a spray nozzle and a slidable spray apparatus used in the spraying method, and an antipollution agent. In an antipollution agent praying method of applying an antipollution agent (T) ~~te~~onto a canvas (A) used for drying paper in a paper machine, the method applies the antipollution agent (T) from a spray nozzle (S) toward a contact start position (C) between an outer surface of the canvas (A) and an out roll (B), applies the antipollution agent (T) ~~te~~onto said out roll (B), and transfers and applies the antipollution agent (T) ~~te~~onto the canvas (A) via said out roll (B).
